

Packaging Technician

Full Time

Mount Laurel, NJ US

Job Title

Packaging Technician

FLSA Status

Non-exempt

Job Summary

The Packaging Technician is responsible for the packaging of different types of topical preparations that are compounded in the lab into the appropriate dispensing device. Packaging is done under the direct supervision of a licensed pharmacist. The Packaging Technician must be able to keep up with the packaging needs of the lab in an accurate, organized, and efficient manner.

Essential Duties and Responsibilities include the following. Other duties may be assigned.

- Package topical preparations into the appropriate device, ensuring that the finished preparation meets the quality standards for dispensing
- Properly maintaining the labels of any preparation that is being packaged in order to prevent medication mix up with other topical preparations
- Proper use all equipment in the lab that is necessary to package the preparation
- Follow all safety, state, and USP <795> and <800> guidelines for preparation of compounded medications
- Properly maintain cleanliness of lab area as outlined in Standard operating procedures (SOP) of laboratory area

Required Education and Experience

- High school diploma or general education degree (GED)
- Must be capable of wearing all protective gear (gown, hair bonnet, mask, gloves, goggles)
- Must be able to follow gowning/garbing procedures (cannot wear jewelry, makeup, fake nails, or nail polish, cannot have a beard)
- Must possess strong verbal, written, and oral communication skills
- Must be able to work independently as well as with a team
- Must possess problem-solving skills and organization skills
- Ability to recognize priorities and take action; make productive use of time
- Must exhibit punctuality and low absenteeism
